This qualification is suitable for everyone (or anyone) seeking employment in labouring occupations in the construction industry, who is looking to obtain their Labourer's Green Card.

Successful achievement of this Level 1 qualification will demonstrate an individual's knowledge and understanding of the health and safety requirements of a construction site.

We have two learning options available here at Torfaen Adult Community Learning:

Option 1: Complete self-directed learning modules online, where you will also be able to access practice assessments through the portal. Once completed you can then book your multiple-choice test at one of our local test centres.

Option 2: One-day centre-based training with a qualified tutor, where you will complete learning modules and a final multiple-choice test at one of our local test centres. *

*This option will involve pre-learning to meet awarding body requirements.

Once you have completed this qualification you are also required to complete the CITB HS&E test to gain your full Construction Skills Certification Scheme (CSCS) Labourers' Green Card.

This is available through Torfaen Adult Community Learning, contact us for more information.
