Notes:

1. The Welsh Index of Multiple Deprivation 2019 (WIMD 2019) is the official measure of deprivation for small areas in Wales.
2. Each domain is based on a range of different indicators, which are weighted and combined to provide domain scores and the overall index of 'multiple deprivation'. Income and Employment each account for 22% of the total Index score, Health 15%, Education 14%, Access to Services 10%, Housing 7% and Community Safety and Physical Environment 5% each.
