

# Changes at your Household Waste Recycling Centre (HWRC)

## Sort it before you bring it

As of **4 March 2019**, every resident visiting the HWRC with their mixed bagged waste will have to sort material types separately for recycling. Residents who have not sorted their bagged waste either before they visit or on site at the HWRC will be required to take their waste home.

## Why are we making these changes?

We want to ensure that residents in Torfaen recycle as much as possible. 60% of bagged waste can easily be recycled.

Recyclable materials such as food, glass, cans, paper, plastics and cardboard are being thrown away when they can be collected and recycled at the kerbside.

**Please keep these items out of your residual bag.**

### Recycle at Home

	food waste		cardboard
	plastic pots, tubs and trays		tin, cans and foil
	plastic bottles		cartons
	newspapers & magazines		mixed glass bottles & jars
	junk mail		mixed textiles & clothes

### Recycle at HWRC

	hard plastics		hardcore & rubble
	wood & timber		batteries
	scrap metal		cooking oil
	electrical		carpet
	garden waste		paint

Thank you for recycling
